

Calvert Soccer Association

Travel Need Based Scholarship Program

Our goal in the Travel Program is to encourage our youth to develop an appreciation for soccer by providing a competitive training and match environment that results in a lifelong love for the game. This will lead to future participation in order to help develop the sport within our local area, state, and region. We seek to provide this environment to players throughout their club soccer experience so, as they mature, they continue to enjoy and develop within the game. Consequently, our players will develop the technical ability to be successful on the field. They will also gain intangible traits such as character, integrity, leadership, and teamwork. The Travel program is designed to help each player in the club reach his/her full potential.
